

# Panevėžys region

An engine for modern manufacturing solutions

Your business location in Lithuania

“  
Panevėžys has the right people if you are looking for efficiency and getting things done. The region is highly supportive and competent in boosting manufacturing business turnovers, especially in the mechanical engineering, electronic and automotive industries. The people here are not just highly qualified. They make things happen.”

*Raimundas Petrauskas, Managing Director, Schmitz Cargobull Baltic*

## Key facts

1

With its history as the largest producer of colour TV screens and compressors in the Baltics, Panevezys can offer experience and robust technical excellence within the fields of metal work and electrical engineering.

2

The region has a proven track record in supplying the heavy vehicle industry with metal and electrical components, with such established names as Volvo and Scania as end users of its products.

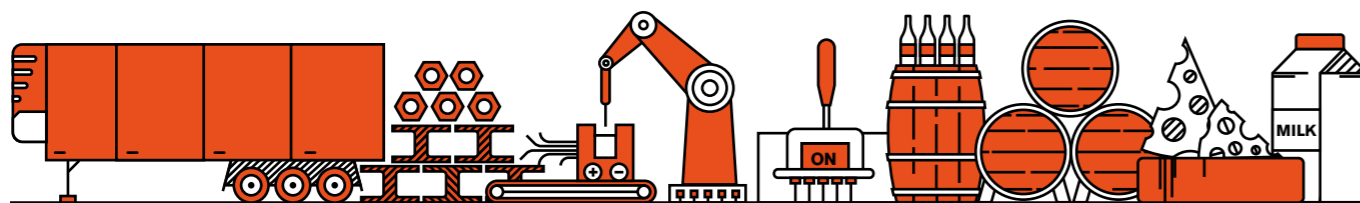

3

With its centres for Robotics and Mechatronics - part of the country's largest technical university - Panevezys offers a solid R&D base for the development of technical excellence.

The region contributes 6.2% to GDP, making it the 5th largest contributor in the country.
