

PANEVĖŽYS REGION

An engine for modern manufacturing solutions

YOUR BUSINESS LOCATION IN LITHUANIA

“
Panevėžys has the right people if you are looking for efficiency and getting things done. The region is highly supportive and competent in boosting manufacturing business turnovers, especially in the mechanical engineering, electronic and automotive industries. The people here are not just highly qualified. They make things happen.”

*Raimundas Petrauskas
Managing Director, Schmitz Cargobull Baltic*

KEY POINTS

1

With its history as the largest color TV screen and compressor producer in the Baltics, Panevėžys can offer experience and robust technical excellence within the fields of metal work and electrical engineering.

2

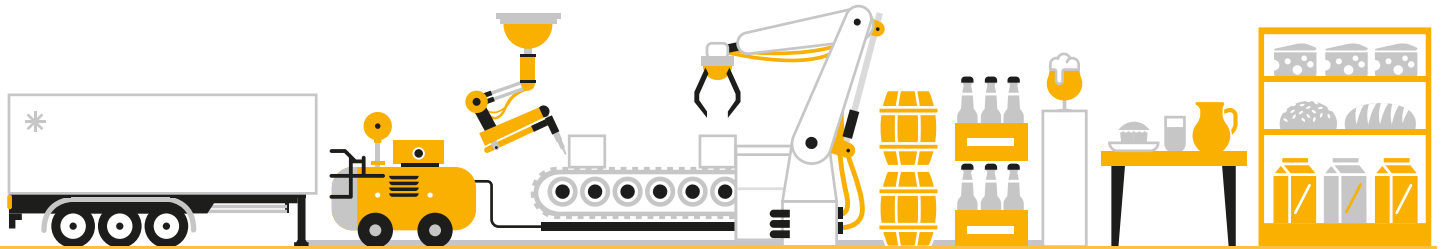

The region has a proven track record in supplying the heavy vehicle industry with metal and electrical components, with such established names as Volvo, Scania, MAN, Rolls-Royce and Bombardier as end users of its products.

3

Panevėžys is home to the largest concentration of Norwegian investors — Norwegian Industrial Park (Scan Investment) — established by the Norwegian government has been successfully attracting furniture producers from Norway since 2000.

4

The region contributes 6% to GDP, making it the 5th largest contributor to the Lithuanian economy.

www.investlithuania.com

We are a government agency that provides free investment advice, contacts and data. Let's talk if you need someone to:

INFORM you on business costs, labour, tax & legal settings and other business areas.

CONNECT you to partners and organise your business meetings in Lithuania.

FACILITATE the set up and launch of your company, as well as help you access governmental support.

SUPPORT your investment by lobbying for more business friendly laws and assisting in one-off problems.
